Re: Projects Completed

Dear Brian:

I wanted to write you a note to say what a pleasure it has been working with you and your company during the last four Houlihan restaurant installations. The people you have working for you are great, they follow up, they keep the project on time for my food service installation, and they watch all aspects of the projects to foresee potential problems. The superintendents you have on site are some of the best I have worked with over the years.

The field personal are backed up by your office, again keeping me informed of any changes to schedule or site conditions. Thanks again for all of you and your office's help and support, I look forward to more in the future.

Very truly yours,
MICHAEL BLACKMAN AND ASSOCIATES
